

SciPris -

The online platform that automates invoicing and helps manage publishing fee collection.

SciPris is an online payment platform that allows you to pay and manage various charges such as:

- **Open Access Article Processing Charges (APCs)**
- **Color in print fees**
- **Page charges**
- **Reprint purchases**
- **Book Processing Charges (BPCs)**

Features

- Visually rich user interface for easy management of publication charges
- Provides a secured online financial platform
- SciPris connects South African and African publishers to authors, universities and funders
- Easy-to-use platform for publishers to auto-calculate, generate invoices, collect and track publication fees
- Provides secured API-based integration with all major payment gateways
- Auto detection of publication charge according to journal title
- Provision for splitting of charges among co-authors
- Collection service to recoup outstanding/unpaid charges
- Completely web-based and works on all browsers
- Cloud-based hosting that can be accessed anytime, anywhere

Benefits

- Auto fetching of author metadata and payment details via all Sabinet's submission and review management systems as well as our production system offering, SciProof.
- Authors pay in local currency, and Rand payments are supported
- Single window, end-to-end payment solution for publishing charges
- Access controlled and secure online system
- Facilitating easy and transparent payments
- Automated reports reduces time spent on admin tasks
- Convenient splitting of fee among co-authors and/or institutions/funding agencies
- Easy notifying, tracking and reporting
- Transformative agreements can be accommodated with ease
