## A COMPREHENSIVE DATABASE of African research perspectives

[www.journals.co.za](http://www.journals.co.za)

### For Researchers

- Sabinet harnesses technological advances and powerful search tools to provide research platforms that are on par with global practices.
- Streamline the research workflow with tools to organise digital documents, generate bibliographies, export citations, share research and find potential collaborators.

### For Librarians

- Your patrons benefit from diverse resources and all-inclusive African content that allows for an in-depth African perspective on a broad range of research topics.
- Efficient collection management tools that include COUNTER statistics, secure login and remote authentication for users
- Your patrons will feel a sense of personalisation due to the ease of use, sharing and own profile functionality.

### African Journal Archive

- The African Journal Archive is a retrospective open access journal archive that preserves and makes available African journal literature, dating as far back as 1906, emanating from a wide base of publishers and societies on the African continent.
