

Smart. Scalable. End-to-End Online Scholarly Publishing.

Transform Your Publishing Workflow. Enabling publishers to produce and manage quality research faster and more efficiently - supported by trusted South African expertise and intelligent automation. Seamless integration is guaranteed to disseminate research effectively with a greater visibility through robust metadata.

From submission to digital production, Sabinet brings every stage of the digital publishing lifecycle into one seamless platform.

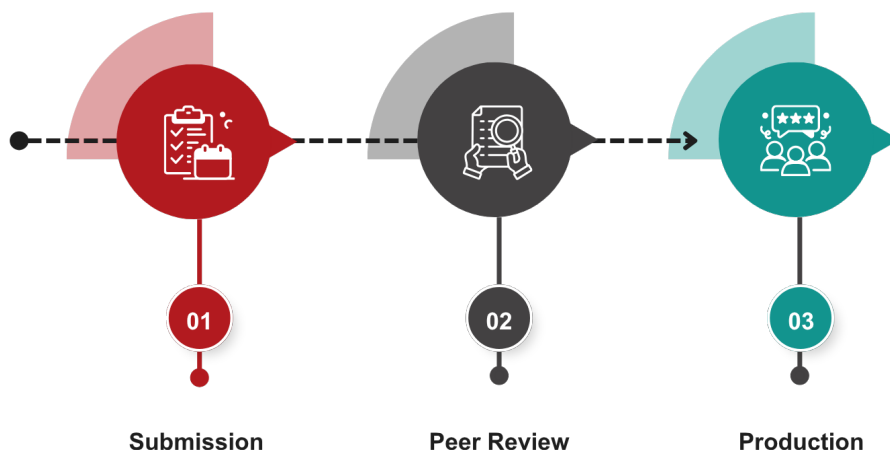

The Challenge.

Modern publishers are under pressure to do more with less:

- Fragmented systems across submission, review, production, and hosting
- Time-consuming manual workflows limiting editorial focus
- Rising costs from maintaining multiple platforms
- Limited global visibility for African research due to high costs associated with digital formats and metadata

The Sabinet Solution.

One Integrated Publishing Ecosystem. **Manage your entire online publishing lifecycle in one platform:**

- End-to-end workflow integration
- Multi-format outputs (PDF, XML, ePub)
- Seamless integration with DOI, Similarity Check, indexing, and dissemination platforms like **Sabinet African Journals.**

Sabinet

Facilitating *access* to information

More than a platform.
Your long-term publishing partner.

Key Benefits

Increase Efficiency

Automated workflows reduce manual effort and speed up publishing timelines.

Work Smarter with AI

AI-assisted editing, metadata management, and task prioritisation improve productivity and quality.

Enhance Quality & Compliance

Ensure consistent formatting, metadata integrity, and adherence to publishing standards.

Optimise Costs

Reduce system maintenance and operational costs by consolidating workflows into one platform.

Expand Reach & Visibility

Distribute content by connecting to platforms and indexing services effortlessly.

What Sets Sabinet Apart.

True End-to-End Integration

A single platform covering the entire online publishing lifecycle.

AI-Powered Publishing Intelligence

Smarter workflows, improved metadata, and enhanced content quality.

African-Centric with Global Standards

Driving Digital Transformation for African Publishing while supporting local and international publishing requirements.

South African based Support Advantage

- Dedicated South African-based technical support
- Hands-on implementation and onboarding assistance
- Ongoing training and workflow optimisation
- Benefit from ZAR-based pricing modules for better budgeting and protection from fluctuating exchange rates.

Flexible, Connected Ecosystem

Integrates with key tools such as DOIs, Similarity Check, and Sabinet African Journals.

Built for Growth

Sabinet Online Publishing supports:

- Scholarly journals
- eBooks and monographs
- Institutional publishing programmes

Scalable for publishers of any size—from single journals to large publishers.
